Residential on 1.02 Acres

Seabury Point Trust, Palm Bay, FL

Welcome to your dream home! This stunning 4-bed, 3.5-bath, brick, pool home is situated on over an acre of beautifully landscaped grounds in the highly desired area of Seabury Point. With only 13 homes in this exclusive cul-de-sac neighborhood, opportunities to live in this special and unique area of Palm Bay are rare.

This sprawling, 3000+ sq ft, single story home, with high ceilings, tons of windows and an open flowing floorplan, is perfect for large families, growing families and multigenerational families.

Entering the open and welcoming foyer, you will immediately experience the spacious feel of the home with formal living room to your left, and a perfect view of the beautiful pool outside just beyond your formal dining room.

As you wind past the dining room into the central hub of the home, you come upon the beautifully remodeled kitchen, where you will see yourself entertaining family and friends - with brand new quartz countertops, a new gas cooktop in the kitchen island, a GE Trivection oven, and a large microwave/convection oven.

The kitchen space opens seamlessly into the large family room featuring a real wood burning fireplace and more views of the pool.

Exit the kitchen through the wide opening "Dutch" doors to experience your fully screened sparkling pool oasis with over 1000 square feet of natural flagstone deck and a soothing natural stone waterfall. The huge covered portion of the deck provides protection from rain, and is the ideal setting for outdoor dining and entertaining.

At the end of the evening, your spacious primary suite welcomes you to relax and unwind. The luxurious remodeled ensuite bathroom pampers you with dual vanities, an Italian tiled shower with glass doors, and a jetted garden tub. The primary suite features a large walk-in closet, and an adjoining private sitting room which can serve as an office or nursery space with views of the pool and a private exit to the pool.

The second and third bedrooms and a bathroom situated off the family room are perfect for kids, each providing unusually spacious closets for storing their stuff out of sight. The fourth bedroom, separated across the house from the others for maximum privacy can serve as a guest suite or mother in law suite. It features a cozy window seat overlooking the front half of the property, and has its own ensuite bath with a fully tiled shower, an antique claw-foot tub, and has a door opening out to the pool deck.

This home provides plenty of storage with closets everywhere, a spacious laundry room (with utility sink and lots of cabinet storage), and the extra-large walk-in pantry located just off of the kitchen. Car enthusiasts will love the massive, oversized 3-car garage and the additional backyard workshop (with A/C). There is also several hundred square feet of attic floor space above the garage for more storage options.

The home is extremely energy efficient with extra thick batt insulation plus radiant barrier roof insulation, all double pane low E windows, and efficient heat pump HVAC that keep electric bills incredibly low. There is an 8-zone automatic irrigation system, on its own well. Recent updates to the home include a brand-new roof (2025), new pool pump (2025), new water softener (2024), and pool screen replacement (2023).

The location is perfect as it offers the feel of quiet country living, yet is less than 2 miles from restaurants and shopping, and just minutes away from downtown Melbourne, Brevard County beaches, and the Melbourne International Airport. And, a power substation less than 1/4 mile away (along with underground cabling) provides super reliable power especially when severe weather impacts the area.
